

Prof. Jaroslav Vlček

University of West Bohemia, Czech Republic

Jaroslav Vlček is Professor of Applied Physics and Head of the Department of Physics at the University of West Bohemia in Plzeň (Czech Republic), where he supervises a research group specializing in thin films and plasma sputtering systems. He received his doctorate from the Czech Technical University in Prague in 1986. At the University of West Bohemia, he became Associate Professor and Head of the Department of Physics in 1990, and (full) Professor in 1997. He is a member of the European Joint Committee on Plasma and Ion Surface Engineering and of the Advanced Surface Engineering Division of the International Union for Vacuum Science, Technique and Applications. He is author of more than 120 refereed journal papers.
